

BIOGAS Exhibitor Forum, hall 9

Offer for exhibitor

12 – 14 December 2023, Nuremberg

In 2023 we will bring the BIOGAS Expert Forum back to the exhibition hall (due to COVID rules we had to move to the foyer in 2021). In the Forum, the exhibiting companies present themselves to the visitors with their expertise. They will present their innovations, projects, products, or services in short, concise talks. In doing so, they can score with their professional know-how. Interesting presentations leave a lasting impression on visitors and can increase the added value of a trade fair participation.

Visitors should be informed about the programme at an early stage so that they can plan their visit to the fair. In order for us to succeed, we need your support and especially your **early booking by Friday, 16 June 2023** at the latest, because we want to:

- publish the programme of the BIOGAS Expert Forum together with the conference programme: Online: August 2023, print version: September 2023
- moderate all forums, announce the individual presentations
- set 3 - 4 focal points to be marketed as theme days, e.g.:
 - Future (new business models, strategy consulting, project development).
 - Innovations (new innovative technology or services)
 - Biomethane / Bio-LNG / Green Gases
 - Flexibilisation
 - ...
- Topics that do not fall under a main theme are bundled in open forums

Example of a programme in the BIOGAS Expert Forum*:

Each presentation 20-25 minutes (15 - 20 min. presentation + 5 min. questions, no overrun possible)

Time	Tuesday, 12. December 2023	Wednesday, 13. December 2023	Thursday, 14. December 2023

 14.12.23: 9 am – 5 pm

* The final programme and the main topics will be determined as soon as approx. 75% of the presentations have been booked.

BIOGAS Forum - Conditions of Participation

- All topics that exhibitors would like to present to trade fair and conference visitors at the BIOGAS Convention & Trade Fair can be submitted. The focus should be on innovations and best practice, and the presentations should be short and concise.
- The presentations will take place during the BIOGAS Convention & Trade Fair in an area designed as a forum within the exhibition, in hall 9.
- If necessary, the BIOGAS Convention & Trade Fair organisation team will make a selection from the proposals received.
- There is no legal entitlement to the selection of a proposal and its placement in terms of time.
- The BIOGAS Forum will be held if at least 18 companies (6 lectures/day) are booked. Once the organisers have confirmed the booking, the exhibitor is deemed to have given a binding assurance that the presentation will take place.
- Duration of the presentations: 20 minutes (15 min. presentation and 5 min. questions or discussion). The break between two presentations is 10 minutes. Excess time is not possible! If there are still questions left, please invite the visitors to your stand!
- Presentation language: German or English. It is also planned to provide synchronous interpretation of the German lectures. Information on this will be available from May 2023.
- The following technical equipment is available:
 - Loudspeaker system and microphone
 - Notebook or playback computer (i.e. you bring your presentation on a USB stick).
 - Projector and screen
 - Lectern
- A flat-rate technical fee of EUR 390.00 plus VAT will be charged per presentation.

BIOGAS Exhibitor Forum, hall 9
