

Agenda

DiBiCoo Matchmaking Workshop

- free of charge -

International cooperation between
biogas technology providers, project developers and
other stakeholders

23 November 2021, virtual

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement N° 857804.

The sole responsibility for the content of this document lies with the authors. It does not necessarily reflect the opinion of the EU.

1 The DiBiCoo Project

The **Digital Global Biogas Cooperation (DiBiCoo)** project is part of the EU's Horizon 2020 Societal Challenge 'Secure, clean and efficient energy', under the call 'Market Uptake Support'.

The target importing emerging and developing countries are Argentina, Ethiopia, Ghana, South Africa and Indonesia. Additionally, the project involves partners from Germany, Austria, Belgium and Latvia. The project started in October 2019 with a 33 months-timeline and a budget of 3 million Euros. It is implemented by the consortium and coordinated by the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH.

The overall objective of the project is to prepare markets in developing and emerging countries for the import of sustainable biogas/biomethane technologies from Europe. DiBiCoo aims to mutually benefit importing and exporting countries through facilitating dialogue between European biogas industries and biogas stakeholders or developers from emerging and developing markets. The consortium works to advance knowledge transfer and experience sharing to improve local policies that allow increased market uptake by target countries. This will be facilitated through a digital matchmaking platform and classical capacity development mechanisms for improved networking, information sharing, and technical/financial competences. Furthermore, DiBiCoo will identify five demo cases up to investment stages in the 5 importing countries. Thus, the project will help mitigate GHG emissions and increase the share of global renewable energy generation. The project also contributes to the UN Sustainable Development Goals (SDG 7) for 'Affordable and clean energy', among others.

Further information can be found on the DiBiCoo website: www.dibicoo.org.

2 The Matchmaking Event

In the frame of the DiBiCoo project, three matchmaking events are organised. The objective is to bring Exporters and Importers in the field of biogas and gasification together in order to stimulate corporations and new projects in the field of biogas.

After successful implementation of the first two matchmaking events, this 3rd matchmaking event on 23rd November 2021 is organised as a fully virtual event. In an introductory session, general information on the project and the biogas matchmaking platform will be presented. Afterwards, an overview of the ongoing pre-feasibility studies of the DiBiCoo demo cases in the targeted countries will be given. Then, European biogas companies will show you some of their innovative technologies and services. Finally, the matchmaking process will be explained.

In the second session, all participants are kindly invited to start networking on the wonder.me platform.

3 Agenda

23rd November 2021

Time (CEST)	Topic	Speaker, Affiliation
12:30-12:40	Welcome and Introduction	Mr. Dominik Rutz, WIP Renewable Energies
12:40-12:50	The DiBiCoo Project	Mr. Johannes Anhorn, GIZ
12:50-12:55	The DiBiCoo Biogas Matchmaking Platform	Mr. Aleksejs Zacepins, Latvia University of Life Sciences and Technologies
12:55-13:05	Overview on the DiBiCoo demonstration cases in the target countries	Mr. Bernhard Wlcek, Austrian Energy Agency
13:05-13:15	Biogas plant planning & turnkey solutions	Mr. Georgi Kirov BIOGEST
13:15-13:25	BioG – Energy from straw and manure	Mr. Josef Höckner BioG GmbH
13:25-13:35	Green Gas Allrounder PlanET Biogastechnik	Mr. Alexey Mozgovoy PlanET Biogastechnik GmbH
13:35-13:55	Questions/Discussion	Moderation: WIP Renewable Energies
13:55-14:00	Explanation on the Matchmaking	Ms. Chuan Ma, WIP Renewable Energies
14:00-16:00	Matchmaking Networking and cooperation opportunities for all participants on the wonder.me platform	All Participants
16:00	Closing/End of the event	

4 Event Contact

Organization and content:

WIP Renewable Energies,
Sylvensteinstr. 2, 81369 Munich, Germany
Chuan Ma, Chuan.ma@wip-munich.de
Dominik Rutz, Dominik.rutz@wip-munich.de
www.wip-munich.de

Registration and technical issues:

Anja Lobedank, Anja.Lobedank@biogas.org

5 Technical requirement

To access the matchmaking platform, please use a computer or laptop. Phones and tablets are not able to perform the full functions of the platform.

6 Registration

On 23rd November 2021, to join the DiBiCoo Matchmaking Workshop (free of charge), please follow site:

[BIOGAS Convention 2021 Event Space \(eventmobi.com\)](https://eventmobi.com/biogas2021/session/5727c2a3-d059-4bb7-a6db-8f1ff8164713)

[\(https://eventmobi.com/biogas2021/session/5727c2a3-d059-4bb7-a6db-8f1ff8164713\)](https://eventmobi.com/biogas2021/session/5727c2a3-d059-4bb7-a6db-8f1ff8164713)

Registration for the DiBiCoo Matchmaking Workshop is free but required, you can register until 22nd November 2021.

Registration site:

[Booking | Biogas \(biogas-convention.com\)](https://www.biogas-convention.com/en/registration/booking/)

[\(https://www.biogas-convention.com/en/registration/booking/\)](https://www.biogas-convention.com/en/registration/booking/)

Once you click on the registration site, please select "Start", then please choose the DIBICOO MATCHMAKING WORKSHOP.

Booking Option

Please select your booking option.

Then continue to register as a Non-member, select the number of tickets (ticket is free to get!) you need and continue to register.

Non-member

CONTINUE AS NON-MEMBER

Number of tickets*

After the registration, you will get an email with the login address of the event platform.
